WE WOULD GLADLY

Give \$100

If we could write an advertisement, or put up a talk that would convince every prospective purchaser of a buggy in this end of the state that we are positively selling the

Highest Grade Buggy

That is sold in this section. The fault is with us and not the buggy. We have that very thing and are proving it with the

Broadest Guarantee

You ever had given you on any vehicle you ever bought. We know it doesn't make any difference to you why we can sell at such extremely low prices but it does to some people. We heard last week that a buggy man said we must steal our jobs and get them shipped "DEAD HEAD" by the railroad. However, that may be, we leave you to judge.

You Get the Benefit

Of it in keeping a large per cent. of the profit in your pocket.

Candidates for Congress Put Up Assessments For Expenses.

A. O. Stanley Gets the First Place On the Ballot and E. P. Taylor Last.

Henderson, Ky., July 1.—The Democratic congressional committee for the second district, met here at two o'clock this afternoon to receive the assessments of the candidates and attend to other matters.

The three candidates, E. P. Taylor, J. B. Brasher and A. O. Stanley, were present, and each put up his part of the required \$2,000. In the drawing for places on the ballot, Stanley got first, Brasher second and Taylor third.

The printing of the ballots was placed in the hands of Chas. M. Meacham, of Hopkinsville.

There was nothing done about changing the day of the primary from August 2.

All of the committeemen were present in person or by proxy except Geo. V. Green and T. A. Pedley. The committee will meet at Dawson August 9 to canvass the returns and declare the result.

IN PRISON.

Hopkinsville Endeavorers Left for Eddyville This Morning.

Members of the Endeavor Societies, of the First Presbyterian, Christian, Episcopal and Cumberland Presbyterian churches left on the C. C. train this morning at 5 o'clock for Eddyville. They will conduct an all day service in the prison for the inmates. Great good has been done by the prison work in this state since it was organized six or seven years ago. Then the Endeavorers did not meet with a very warm reception by the officers of the prison. But now it is entirely different. The prisoners in large numbers have joined the societies organized at Frankfort and Eddyville, and so great has the change been in the conduct of the prisoners, that it is quite common for the Christian workers to be invited by those having control of the unfortunate to visit the institution.

We have been able to secure the names of part of those who went to Eddyville this morning, to-wit: Rev. H. D. Smith, of the Christian church, Miss Jennie Glass, Secretary of the Prison Work committee of the State; Mr. D. F. Smithson, Miss Clara Bonte, Rev. Abbott, rector of Grace church; Mr. A. M. Wallis, Miss Graeme Campbell, Mr. Chas. Anderson, Miss Maggie Hill and Mr. Trigg Hunter.

Stowe-Hord.

Miss Nettie Hord, the pretty and popular daughter of Mr. J. G. Hord of this city, was married to Mr. J. W. Stowe, of Clarksville, Wednesday.

The event occurred at the residence of Mr. James P. Roper, uncle of the bride, in Nashville.

The couple was accompanied by Miss Maud Cassler, of this city, and Mr. Frazer Williams, of Lafayette.

The groom is a son of Mr. G. Howard Stowe, of Julien, and is a rising young business man who enjoys a wide popularity.

His bride is a young woman of unusual beauty and is one of the brightest and most popular ladies of the city.

Mr. and Mrs. Stowe arrived here Wednesday night to spend a few days with the bride's parents and will go to Clarksville the first of next week, where they will reside.

Reception Tuesday Afternoon.

Mrs. Thos. D. Armistead gave a delightful reception on the afternoon of July 1st, that was attended by about fifty ladies. Refreshments were served.

CONGRESS QUILTS.

House Members Forget Dignity And Have a High Old Time.

Senate's Last Act Was to Kill An Investigating Resolution.

Washington, July 1.—Amid a scene of enthusiasm that has not been paralleled since the exciting and stirring days of the Spanish war, Speaker Henderson, at 5:30 this afternoon, declared the House of Representatives adjourned without a day. In doing so he said that no House of Representatives since the adoption of the Constitution had done as much work as this one.

The audience to which he made his brief address was a brilliant one. The galleries were banked to the doors and almost two-thirds of the members were in their seats on the floor.

The Speaker's appreciative words to the members in thanking them for their co-operation during the session had touched a responsive cord and they gave him a remarkable demonstration of their friendship and good will. While the cheering and applause were still in progress, the members on the floor began singing "My Country, 'Tis of Thee." It was taken up by the correspondents in the press gallery over the Speaker's chair and by the spectators in the surrounding galleries and soon the vast hall was ringing with the swelling chorus.

Other patriotic airs followed as the members exchanged farewells, "The Star Spangled Banner" alternating with "Dixie."

SHAKES THE RAFTERS.

The Speaker came down from his rostrum, his appearance on the floor being greeted with "For He's a Jolly Good Fellow," and a perfect rush of members to grasp his hand. Standing in the area in front of the clerk's desk, he too, joined in the songs, and there was a wild scene when Gen. Hooker, of Mississippi, the one-armed Confederate veteran, took his place by the side of the Speaker and together they sang "Dixie." Mr. Candler, a Mississippi Democrat, jumped upon a desk and gave a yell of jubilation that fairly shook the rafters.

For almost half an hour the publication continued. All this time the spectators remained standing in the galleries, watching the animated scene below and joining in the singing.

The adjournment came at the end of a seven and a half hours' session during which much minor business was transacted. In all seventy bills and resolutions were passed.

IN THE SENATE.

Closing Hours Marked by a Rather Tart Debate.

Washington, July 1.—After a session marked by some of the stormiest debates ever heard in the American Congress, the Senate adjourned sine die at 5:30 this afternoon.

During the last hours of the session there was a tart debate on the question on the part of Messrs. Carmack, of Tennessee, Spooner, of Wisconsin, Culbertson, of Texas, McComas, of Maryland, and Lodge, of Massachusetts.

The conference report on the Philippine government bill was adopted with very little discussion, and then the Senate decks were cleared for adjournment. Mr. Carmack called up his resolution providing for a continuance of the investigation of the Philippine committee and for a visit to the Philippines by the committee during the present summer. This started the trouble and for more than an hour a battle of words was waged. Mr. Spooner delivered a scathing denunciation of the minority of the Philippine committee for what he declared was an attack upon the

During the rainstorm last Monday lightning struck the residence of Mr. Geo. Croft, seven miles north of Crofton, on McFarland creek, instantly killing his daughter, Mrs. Sarah Moseley, and severely shocking other members of the family.

Mrs. Moseley had just stepped into a room adjoining the family room, and, as she caught hold of the knob of the door to open it, was struck down. The lightning hit the chimney and darting down a rafter followed the wall to the ground. The building was considerably damaged. Mrs. Moseley was 21 years old and was the only daughter of Mr. Croft, with whom she made her home. The other members of Mr. Croft's family, although badly shocked, will recover.

The word wreck has been broadened from its primary meaning to express complete collapse and utter failure of any kind. When the bank is hopelessly insolvent it is said to be a wreck. When a man's health fails and he drags around in the shadow of his former self, his friends speak of him as a perfect wreck. Wreck under any circumstances is a calamity, but the saddest of all wrecks is that when the homeward bound ship goes down in sight of port, with all the precious freight which men have striven so hard to gather.

Many a man is wrecked under just such conditions. He is toiled for years gathering together a rich freight, and at last he thinks he'll make sail for the port of leisure. He's got to have a nice, cozy house, where the remembrance of all the stress and storm of past struggles will add zest to his present comfort. And just when this harbor of ease toward which he has steered for years is within hailing distance, the man is wrecked, his health breaks down. Perhaps he drags out a few more years as an invalid. Perhaps he is wrecked past all repair. The common cause of this wreck, this physical breakdown, is disease of the stomach and digestive and nutritive tract. The man has eaten irregularly, hurriedly, and often his stomach has been indigestible or inartificial. The stomach was overtaxed, the body undernourished, and in time the physical breakdown surely came. That breakdown threatens every man who has "stomach trouble."

We eat to sustain life. But life is sustained by what we eat only in proportion as the food eaten is perfectly digested and assimilated. Food that is not digested and assimilated serves no purpose of nutrition. It does serve to burden the stomach, poison the blood, clog the system and open the way for disease generally. That "little touch of indigestion" we speak so lightly of is like a little hole in the vessel's side, which, in time, will let in enough water to sink her. If you have stomach trouble in any form, cure it. No matter how slight the disease may seem to be, it is a menace to life. It does no real good to take soda preparations and other simples to "strengthen the stomach." These only relieve the symptoms of disease, while the disease itself is untouched and gains a firmer hold upon the system.

Diseases of the stomach and other organs of digestion and nutrition are perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It enables the perfect digestion and assimilation of food, and so restores physical strength in the only way possible, by nutrition.

"Thanks to Dr. Pierce's Golden Medical Discovery," writes Mr. Charles H. German, of Lehigh, Pa. "It is the only medicine that has done me any good. I tried everything I could think of to cure indigestion, and found I was only throwing away money. Then I heard of Dr. Pierce's Golden Medical Discovery and tried a bottle of it, and to my joy found it was doing me good. I used six bottles of it, and am now cured. It is the best medicine on earth."

When the stomach is diseased and the supply of nutrition necessary for the health of the body is reduced, the effects generally manifest themselves in the "weakness" of some important organ. Sometimes the liver's action is affected. Sometimes the kidneys are clogged and the poisons these organs should neutralize or eliminate are carried into the blood. But more commonly than anything else the liver is affected, with serious results to the general health. As a rule, little attention is paid to the symptoms of a diseased stomach, and people doctor for heart "trouble," kidney "trouble," liver "trouble," etc., and wonder why they don't get cured. Similarly, people who use "Golden Medical Discovery" for the cure of disease of the stomach wonder why when the stomach is cured the other diseases in liver, kidneys, blood, etc., are cured too. There's really nothing to wonder at. When you pull a tree up by the roots you pull up the branches. Liver "trouble," heart "trouble," kidney "trouble," etc., are only branches of the disease which roots in the stomach. "Golden Medical Discovery" roots up disease in the stomach, and naturally roots up the offshoots of the disease in other organs.

"I used three bottles of Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription,' and feel like a new woman," writes Mrs. J. Ellis Hamilton, of Farmington, Marion Co., West Va. "Don't suffer any pain or misery or any other kind of trouble. I had jaundice, caused from food not digested properly. Could not do the work myself. I commenced using your medicines as recommended for liver complaint, and I am cured now. I doctored three years without any relief, only for a short time, and then I was as bad as ever."

In any stage of stomach disease you can begin the use of "Golden Medical Discovery" with the expectation of a perfect and permanent cure.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

SOME ESTIMATES

At the Democratic committee meeting at Owensboro last Tuesday, the committee did some guessing on their respective counties, assisted by other well posted politicians. Without giving the names of the guessers or their preferences, the following figures represent their composite opinion, on a basis of about 75 per cent. of the vote.

Stanley, Brasher, Taylor.

Christian	500	1,300	400
Daviess	500	200	3,100
Hancock	200	100	500
Henderson	2,300	500	150
Hopkins	100	2,400	50
McLean	300	200	500
Union	900	700	700
Webster	800	700	200
Total	5,600	6,100	5,600

Entire vote 17,300, out of 23,400 in the district.

Whether or not there may have heretofore existed as the minimum two of Judge E. P. Taylor seems to have been removed by the withdrawal of Senator Hickman.

The nomination of Judge Taylor seems now a certainty. This is indeed fortunate for the Democratic party, and also for the people. The party can unite upon him better than upon either of the other candidates. There is none of the bitterness existing towards him that there is between the friends of the other remaining candidates. He has conducted his canvass in a dignified and genteel manner, which of itself merits the esteem of all right-thinking people. He will be able to poll a larger vote for the party than either of the others, because he has the respect of all, regardless of party.

His election will also be fortunate for the people of the district, for he will prove himself to be a most useful member of Congress. He is painstaking, conservative, honest, practical, of splendid judgment, industrious and able—just such a man as will ingratiate himself into the confidence and good will of his fellow members, and thus be in a position to effect something for the interest of the people of the district.

The graceful and proper thing to do is for the other aspirants to retire in favor of Judge Taylor.

One now holds a valuable office, the other is young, with a lucrative practice in his profession, and can well afford to wait. Clear the track for Taylor.—Inquirer.

The State Bar Association is in session at Lexington.

Eight inches of snow fell Wednesday, but not in Hopkinsville. It was not in the hills.

Congressman D. Linn Gorch defeated Nadau in the sixth district by 5,000 majority, for the nomination for reelection.

W. G. Hunter was again in Washington this week and the rumor has again gained currency that he has been requested to hand in his resignation as Minister to Guatemala.

Burr Smith, a street car conductor in Lexington, caused a damage suit against his company to be dismissed by marrying the plaintiff, Miss Florence Hall, who was thrown from a car and hurt.

Will Help Brasher.

The Hon. G. W. Hickman, of the county of McLean, has withdrawn from the race for Congress in the Second district and that leaves the same stretch to be run out by Brasher, Stanley and Taylor. In our opinion the withdrawal of Hickman will insure the nomination of Brasher. The bulk of Hickman's strength in Webster county will now go to Brasher, for Brasher is the type of man next to Hickman for whom that class of voters will naturally vote. In McLean county Taylor will have the best of it, though Brasher will run well on this side of Green River. Stanley claims that he will get a good vote in McLean county now, which will cut that county so that even if Taylor gets it the majority will be small. On the whole it seems to us that Brasher had the race won before Hickman withdrew and is more sure of it now than before.—Hustler.

Now Nominate Taylor.

The withdrawal of Senator Hickman from the congressional race leaves Judge Taylor, in the estimation of those friends who have looked closely into the race, in a position of splendid advantage, and they feel confident he will win. One now holds a valuable office, the other is young, with a lucrative practice in his profession, and can well afford to wait. Clear the track for Taylor.—Inquirer.

It had rained in Kansas every day for forty-two days. The State that was recently drought-stricken now has water in plenty. The water, while it hurt the wheat harvest, has put the corn in good shape.

A Cure For Summer Complaint.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every family. This is not intended as a free puff for the company, who do not advertise their pills, but to benefit little sufferers who may not be within easy access of physician. No family should be without a bottle of this medicine in the house, especially in summer-time.—Lansing-Journal. For sale by C. K. WYLY.

Deafness Cannot be Cured

by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be restored. Deafness is not a disease, it is a symptom of a disease of the Eustachian Tube. It is caused by a catarrh of the membrane which covers the lining of the middle ear, and unless this inflammation can be taken out and this tube restored to its normal condition hearing will be restored. Henry Powell's Will Proved.

Mr. Henry J. Powell, general manager of the Kentucky Life Insurance Society, has just had the company's will proved in the probate court. The will is a life insurance contract, and is a testament to an agent. It is a large trunk of silver, manufactured by Tiffany & Co. after an old and very heavy pattern. On the lid of the oak box is a plate engraved as follows: "First prize awarded to Henry J. Powell, manager Kentucky State agency, by the Equitable Life Assurance Society." There are 163 pieces in the box, including all varieties and sizes of forks, knives and spoons. The blades of some of the knives and the bowls of some of the spoons are gold. The pieces are unusually massive and heavy, as well as beautifully designed.

Mr. Powell knew he had won the prize, but was not prepared to receive anything so magnificent as this trunk of silver. The prize was awarded for having the best record for "not taken" business; that is, for not returning to the company as unpaid for and undelivered policies that had been issued by it.—Courier-Journal.

Teacher in Trouble.

Prof. W. A. Hayes, principal of the Henderson High School, was arrested Tuesday afternoon charged with an attempt to burn the Hotel Henderson on the morning of June 20. The warrant was sworn out by the proprietor of the hotel. Prof. Hayes is under bond pending an effort to identify him as the man who purchased the combustible chemicals at an Evansville drug store. He says he can prove his innocence.

King Edward's condition steadily improving and the only discomfort he suffers is in the dressing of the wound, which is kept open to allow it to heal from the inside.

OFF FOR A VACATION.

Dr. J. O. Rust Goes East For Two Weeks.

Dr. J. O. Rust, pastor of the Episcopal Baptist church, leaves today for a vacation of two weeks. He will be accompanied by his son John and will spend most of his time in the East. He will address the Baptist's Young People's Union at Providence, R. I., on July 11 and will speak before the Y. M. C. A. at Washington. Dr. J. D. Barbee will fill his pulpit while he is gone.—Nashville American.

The Same Old Story.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by R. C. Hardwick.

To Whom It May Concern,

I wish to extend my grateful thanks to those who were so kind to my wife in her last illness. Not until they are in a similar condition will they understand the depth of the gratitude I now feel.

Go to Pyle & Garnett's furniture rooms on Main street and see the grand invention of P. M. Owen's mosquito bar frame. It is up to date and best.

In Mercer county George Elliott, aged 65, hanged himself in his barn with a plow line after his wife had been mysteriously and probably fatally hurt while the couple were driving to the residence of a neighbor. Elliott told friends his wife had been kicked by a horse and after making that statement drove home and hanged himself. Mrs. Elliott is not expected to recover.

BIDS FAIR

To Head the List as a Rapid Seller.

Mr. P. M. Owen has invented an article which promises to head the list as a seller. It is a wire frame for holding a mosquito bar over a bed and is run across the head of the bedstead and another which is operated by means of a coil string and can be hoisted or lowered, keeping the bar at the desired height from the sleeper.

The frames are fastened by means of an adjustable clamp which can be placed in any position on the bedstead and will fit any post, round or square. The frames are lined with felt, thus preventing any disfigurement of the bed. The frames are also adjustable and can be furnished to fit a bed of any width.

When the bar is not in use, by releasing the cord, it can be raised so as to hang over the head of the bed.

Mr. Owen was granted a patent about two years ago, but the matter had to be carried through the courts with a Tennessee firm and he has just gotten his title clearly established.

The article can be purchased at small cost and bids fair to become in general use.

A sample of the invention can be seen by calling at Pyle & Garnett's furniture store, where it is on exhibition.

Local Banking Concerns.

In this issue of the KENTUCKIAN we present to our readers statements of the Planters Bank and Trust Company, First National Bank, Bank of Hopkinsville and the City Bank at the close of business June 30, and a personal of same is invited.

All these financial institutions make most creditable showings, as will be seen by the figures, and the fact that they have been ably officered is fully demonstrated.

SUMMER COLDS

Produce Chronic Catarrh.

Mrs. Henriette C. Olberg, Albert Lea, Minn.

"This spring I contracted an aggravating cold, having been exposed to the damp weather. Catarrh of my throat and head followed, which persisted in remaining, notwithstanding I applied the usual remedies."

"Reading of the merits of Peruna in the papers, I decided to try it and soon found that all that has been said of your medicine in such cases is true."

"I am very pleased with the satisfactory results obtained from using Peruna, an entirely well, and consider it a most valuable family medicine."

HENRIETTE C. OLBORG.

Summer colds require prompt treatment. They are always grave, and sometimes dangerous. The promptness and surety with which Peruna acts in these cases has saved many lives. A large dose of Peruna should be taken at the first appearance of a cold in summer, followed by small and repeated doses. There is no other remedy that medical science can furnish, so reliable and quick in its action as Peruna. Address The Peruna Medicine Company, Columbus, Ohio, for a free book entitled "Summer Catarrh," which treats of the catarrhal diseases peculiar to summer.

Prof. John B. Taylor Elected on the 47th Ballot.

New Man Comes Well Recommended—Assumes Duties July 20.

The school board on Tuesday night elected Prof. John B. Taylor, of Middlesboro, superintendent. He was the last to enter the race, arriving on Saturday. At that time the race had been virtually decided in favor of Prof. Seider, of Paducah, with Prof. Stover, of Knoxville, the contending man. Prof. Taylor obtained the support of one of Seider's friends and one of Stover's, and after 46 fruitless ballots, the two remaining Stover men went to him and elected him on the 47th ballot. The election was then made unanimous and the salary fixed at \$1,600, the former figure. The new superintendent will take charge July 20. Prof. McCartney has already entered upon his new duties at Henderson. Prof. Taylor was born in Ohio county, Ky., and is 33 years old. He is a graduate of the Indiana State Normal school, and has had 11 years experience, the last three years as superintendent at Middlesboro, Ky., a school nearly as large as ours. He succeeded Prof. S. L. Frogge at Middlesboro and Prof. McHenry Rhodes, of Owensboro.

Prof. Taylor has a wife and 3 children, is a Methodist and a Democrat, though his politics and religion were not known or inquired into until after his election.

He is stoutly built, of medium height, without beard and of pleasing address.

Don't Wait Until Fall TO BEGIN TO BUILD.

It takes a month or more to get the plan question settled, and the best houses can not be built in a hurry. A house built in the winter is seldom satisfactory, and a fall beginning means a winter ending. Furthermore, prices on all materials are generally higher in the fall. Then too, most people wait till then to build, and work brings a higher price when there is a great deal of it. Hence you have everything to gain and nothing to lose by building in the Spring and Summer.
